ADVENTURE 7
Build a Fort

Have you ever built a fort or hideaway in your own yard? Now's the time to do it! Your fort can be big or small, simple or fancy, as long as it's a special place that your whole family can visit.

Pathway Links:

Landmark 1: Explore outdoors together
Landmark 6: Play in nature
Landmark 14: Try new kinds of outdoor recreation
Landmark 17: Try a survival skill that doesn't use fossil fuels

Your challenge

Build the coolest outdoor fort you've ever seen! Try to use natural materials as much as you can (fallen branches etc.). If it's safe to do so, try sleeping in your fort overnight, and take a picture of you inside it.

Options

For older children, try to make a debris shelter that could be used in a survival situation to keep you warm and dry. Send a picture of it from the inside and outside. You could even do a water test to see how waterproof it is!
